WORRIED THAT YOUR BACK OFFICE OPERATIONS ARE INEFFECTIVE AND INCONSISTENT?

Developing DRE didn't happen overnight. We understand the difficulties of building a back office, which is why we spent years finding the right talent and perfecting workflows. If you want to add more expertise to your team or are in the process of building a team, our experts can manage as little or as much of the process as you need.

CONCERNED THAT YOUR ORGANIZATION LEVERAGES MORE TECHNOLOGY AND AUTOMATION THAN YOUR VENDOR?

You are not alone! Not only is this a concern, it's a reality. Don't let your customer service suffer due to outdated, cumbersome, and ineffective resolution service providers. QFD software automates decisioning wherever possible and then our experts handle the rest, ensuring trusted and consistent results.

GONE ARE THE DAYS OF SPREADSHEETS & PDF FORMS.

AUTOMATE THE PROCESS WITH QFD SOFTWARE.

QFD is a best-in-breed cloud-based solution and the only platform that requires minimal to no configuration or customization from an issuer.

This software is built on a premise that the same simple workflow geared toward meaningful automation and consistent, reliable processing is reusable across all products and case types.

This advanced concept allows issuers to reduce expenses and losses while increasing customer satisfaction and maintaining industry compliance.

Quavo ensures that biannual association mandates are automatically applied to your QFD software. This optimizes your chargeback recovery, while also preventing fines and penalties. Keep focused on your account holders while we deal with pesky biannual mandate changes.

INTELLIGENT WORKFORCE MANAGEMENT

Stop working cases with spreadsheets and PDFs. Our "Get Next Work" functionality helps your team prioritize cases at the click of a button. QFD's automation and DRE services handle most tasks, allowing your employees to focus on meaningful customer-facing interactions.

DECREASE TIME SPENT ON CALLBACKS

QFD's intake process is designed to get as much information as possible from your account holders at the time of their report. This proves especially valuable for Reg E disputes that mandate short resolution times. Imagine all the tasks your team can accomplish when they're not focused on repeatedly collecting additional information.

VALUABLE INTERACTIONS

Direct communication is critical for your account holders, it sets the tone for their experience and drives positive customer service. With DRE, you manage all account holder interactions while we handle the rest.
